BRUSHLESS

CUT THE CORD, NOT THE POWER.

Cut the cord and not the power with our 18Vx2 range of power tools. Our 18Vx2 range offers more power, speed and run-time without the hassles of a cord. The best part is our 18Vx2 lineup is fully compatible with all LXT® batteries and chargers. Tough out big jobs with 18Vx2 tools and go back to work with the worlds largest range of 18V power tools

Product Objectives

- Deliver the worlds first portable cut off saw backed by the platform of the worlds largest range of 18V powers, LXT
- Ideal for light duty applications such as cutting metal stud, colorbond fence posts etc...

Product Overview

18Vx2 Technology

Overload indicator

Brushless motor

Tool-less wheel replacement

Large spark guard

Tool-less guide plate adjustment

Product Specification Sheet

DLW140 – 18Vx2 Brushless 355mm Cut Off Saw

Motor design	Brushless
Wheel diameter	355mm
No load speed	3,800rpm
Overall length	530mm
Skin weight	15.66kg
Voltage	18Vx2
Electric Brake	Yes
Overload indicator	Yes
Tool-less adjustment	Yes (both Vice + cutting wheel)

- **18Vx2 Technology** – delivers the performance required for metal cutting applications
- **Brushless motor** – reduces heat and increases runtime
- **Electric brake** – quickly stops the wheel rotation after the switch has been disengaged
- **Tool-less guide plate adjustment** – for easy and quick adjustments
- **Large spark guard** – helps to control swarf management
- **Tool-less wheel replacement** – with quick release levers you can change cutting wheels without the needs for any tools, simply turn knob to tighten or loosen wheel.
- **Overload indicator** – with 4 LED bars allows you can see the load and adjust the pressure you are applying for optimal cutting performance

Advantages

Control

Overload indicator allows you to control cut

Safety

Electric brake rapid stops cutting wheel

Reliability

Ribbed based for added strength

Convenience

Tool-less wheel change and vice

Accessories
